

Consent Form: Driving Licence Check

As of 8 June 2015, the driving licence counterpart (the paper bit) is no longer valid and you are only required to retain your driving licence photo card.

Backline conduct quarterly checks to ensure that we are aware of any changes to your licence (endorsements, information codes, expiry dates etc.). Much of this information was detailed on the paper counterpart so we now use the DVLA online checking service to conduct these checks instead. However, it is important that we have your consent to do so.

By signing this form, you are consenting to Backline accessing your driving licence information using the DVLA online checking service.

We will only record the same information as we do currently in relation to your driving licence and will hold all information in line with the appropriate Data Protection requirements.
