

FINAL MILE SERVICE
AVAILABLE

BACKLINE

OUTBASE - EXETER & ANDOVER

An Outbase concept for delivering throughout the South, South East & South West of England.

Using your vehicles, but with Backline's supervision and facilities creates an opportunity for reducing fuel usage, man hours and uneconomic vehicle operation.

The savings to be made range from eliminating nights away, reducing overtime and achieving more deliveries per vehicle to closing a local distribution centre.

Prices

Parking from £90pvpw

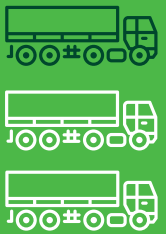

Pallet storage from £2.50pppw

Contract labour from £14ph

Reduce your costs while increasing drops and maximising DOT.

Vehicle Management & Licensing

Reduce the amount of vehicles you require for your deliveries and take the hassle out of servicing. Take advantage of the opportunity to add your vehicles to our Operators License.

Final mile delivery

A bespoke, flexible operation dedicated to final mile distribution – from trunk to customer.

Drops per vehicle

With two well located sites closer to your final destinations, we can help you get the maximum trailer fill and enable you to plan more drops per route.

Improved DOT

Reduced driver mileage means improved DOT. Our facilities regularly achieve an overall DOT of over 95%.

Warehousing & Storage

Our Exeter site boasts a secure 8,000sq ft warehouse, offering you lower costs when you require small amounts or regional storage. Supported by contract labour solutions offering a flexible provision of workforce.

Accredited driver training centre

We provide Driver CPC, ADR (Hazardous Goods), Forklift Truck, HIAB and various other transport-focused training options.

Maintaining your compliance

Keeping you legal by maintaining records, reporting and managing driver compliance.

Secure facilities

Both sites have controlled access, security perimeter fencing (min. 6ft) and CCTV. Exeter's facility is manned 24/7, while Andover is manned throughout key operation hours, with security patrols outside of these times.

Utilising your vehicles, the Backline Outbase secure facilities at both Andover and Exeter, comprises a team of experienced, dedicated, assessed drivers and transport supervisors who will ensure your loads get delivered on time, every time.

Our customers achieve savings and efficiencies by reducing stem mileage and increasing drops per vehicle into the region.

- ➔ **No hidden fees**
- ➔ **Optimum driver days – no nights out or wasted hours at shift end**
- ➔ **Supervision, debriefing and reporting services available**
- ➔ **Round the clock vehicle utilisation – less vehicles required and improved trailer fill**

- ➔ **Full driver welfare facilities and secure parking arrangements available**

The Devon, Cornwall, South Coast, Home Counties & London final mile delivery specialist

A bespoke, flexible operation dedicated to final mile distribution –from trunk to customer and all points in between.

Do your drivers spend hours navigating remote areas to satisfy your South, South East & South West deliveries? We can help!

With our final-mile solution, simply deliver your load to one of our secure facilities, which are conveniently based at Andover & Exeter, and we'll take care of the rest. With warehousing space at Exeter, on-site forklifts, operational staff and traction to help minimise drop time and driver fatigue. We've all you need to help you deliver a service your customers can rely on.

We work alongside some of the nation's biggest logistic and retail companies...

We have used Backline as our preferred Outbase serving the far southwest for Iceland stores for over 15 years, providing safe parking for our vehicles and supplying onward drivers. Since starting 15 years ago we have not had any concerns over these deliveries, the operations works seamless.

Dave Munday, DHL Iceland, Planning Manager, DHL Retail

Backline Logistics have been managing the W. H. Smith contract for Wincanton in the south west for over 8 years, they have gone above and beyond to ensure an excellent service has been delivered, we have 3 vehicles based at the depot with Backline supplying highly motivated drivers to deliver a top class service.

Bob Palfrey, National Transport Manager, Wincanton

Backline have been running my outbase operation and forwarding my deliveries to our Cornwall and Devon branches for over 6 months, during this time we've encountered several challenges while setting up the operation but on all occasions, the Backline team have given assistance over and above the SLA.

Paul Beard, Transport Manager, Travis Perkins PLC

We are fortunate to have Backline manage our contract for us on a daily basis and take the worry away from running an outbase operation. From providing LGV parking spaces and supplying temporary drivers, to dealing with our internal paperwork and tachograph records.

Anton Wilson, Transport Manager, Booker Retail, Andover

During the last 12 months the delivery service provided to Cormar by Backline has been excellent. 99.6% of all deliveries and/or collections have been completed successfully, with 94.8% of those deliveries being made within the planned 2 hour time window given to Cormar's customers.

Joseph Kiernan, Cormar Carpets
